Hiring Manager

XDezo Academy

Pokhara, Nepal

Subject: Application for Django Full Stack Internship

Dear Hiring Manager,

I am writing to express my enthusiasm for the Django Full Stack Internship opportunity at XDezo Academy. As a passionate and dedicated Python Django Developer currently pursuing a B.Sc. Hons. in Computing at Pokhara Informatics College, I am eager to contribute my skills and grow professionally under your esteemed guidance.

Throughout my academic journey, I have cultivated a strong foundation in Python, Django, and web development. My hands-on experience includes creating dynamic applications such as a **Student Management System**, an **E-commerce platform**, and a **Rental Store CLI**. These projects allowed me to apply concepts like database integration, user authentication, and responsive design to solve real-world challenges. Additionally, I have honed my expertise in front-end technologies (HTML, CSS, JavaScript) and database management systems like MySQL and SQLite.

My dedication to continuous learning led me to complete specialized training in Python Fundamentals, Core Concepts, and the Django framework from institutions such as XDezo and Virtual Pair Programmers. Beyond technical skills, my collaborative nature and enthusiasm for problem-solving align with XDezo Academy's commitment to fostering innovation and excellence.

An internship at XDezo Academy would provide the ideal platform to deepen my knowledge and contribute meaningfully to impactful projects. I am particularly inspired by XDezo's emphasis on mentoring aspiring developers and fostering a collaborative learning environment—values I resonate with as I actively train others in Python and Django.

I am confident that my technical expertise, passion for web development, and proactive attitude make me a strong candidate for this role. I would welcome the opportunity to discuss how my skills and experiences align with XDezo Academy's goals.

Thank you for considering my application. I look forward to the possibility of contributing to your team and further developing my skills at XDezo Academy.

Sincerely,

Sijan Katuwal Chhetri

Python Django Developer
